## 6. General

6.1 The parties' relationship is that of independent contractors, and nothing in this Agreement will be deemed to establish a relationship of principal and agent between INSTITUTE and Licensee, or between or among any of either party's agents or employees for any purpose whatsoever. This Agreement will not be construed as creating a joint venture, partnership, or any other form of legal association or arrangement that would impose liability upon one party for the act or failure to act of the other party.

6.2 Licensee may not assign this agreement. Any purported assignment of this Agreement or the rights hereunder is null and void.

6.3 This Agreement constitutes the entire agreement and understanding of the parties and supersedes all negotiations, understandings or previous agreement between the parties relating to the subject matter of this Agreement. This Agreement may not be changed, modified, or extended except by written amendment executed by an authorized representative of each party.

6.4 This Agreement will be construed and governed in accordance with the laws of the Commonwealth of Massachusetts, without giving effect to conflict of law provisions applicable therein. In the event that a party to this Agreement perceives the existence of a dispute with the other party concerning any right or duty provided for herein, the parties will confer as soon as practicable in an attempt to resolve the dispute. If the parties are unable to resolve such dispute amicably, then the parties hereby submit to the exclusive jurisdiction of and venue in the federal and state courts located in the Commonwealth of Massachusetts with respect to any and all disputes concerning the subject of this Agreement.

service mark, or the name, mark, or logotype of any INSTITUTE employee, representative, or organization in any way without the prior written consent of INSTITUTE.

6.6 A waiver by either party of a breach of any provision of this Agreement will not constitute a waiver of any subsequent breach of that provision or a waiver of any breach of any other provision of this Agreement.

6.7 Licensee will comply with all prevailing laws, rules, and regulations that apply to its activities and/or obligations under this Agreement. Without limiting the foregoing, it is understood that this Agreement may be subject to United States laws and regulations controlling the export of technical data, computer software, laboratory prototypes and other commodities, articles and information, including the Arms Export Control Act as amended in the Export Administration Act of 1979, and that the parties' obligations are contingent upon compliance with applicable United States export laws and regulations. The transfer of certain technical data and commodities may require a license from the appropriate agency of the United States Government and/or written assurances by Licensee that Licensee will not export data or commodities to certain foreign countries without prior approval of such agency. INSTITUTE represents neither that a license is not required nor that, if required, it will issue.

6.8 If any provision of this Agreement is held to be illegal, invalid, or unenforceable, then such illegality, invalidity, or unenforceability will attach only to such provision and will not in any manner affect or render illegal, invalid, or unenforceable any other provision of this Agreement. This Agreement will be carried out as if any such illegal, invalid or unenforceable provision were not contained herein.

6.9 Headings included herein are for convenience only and will not be used to construe this Agreement.
